

2009 Industrial Hygiene & Safety Review Course

The New Jersey Section of the American Industrial Hygiene Association (NJ-AIHA) is offering a comprehensive Industrial Hygiene Course. The course is designed to provide basic training in some critical areas of industrial hygiene and safety and will likely be beneficial for those entering the field as well as those who are just looking to sharpen their skills in certain technical areas. In addition, many of the people who have attended the program have found it to be very helpful in preparing for the CIH and CSP examinations. Certified Industrial Hygienists have the opportunity to obtain .5 CM points per lecture or maximum five (5) CM for the summer. Participants are welcome to attend any or all of the lecture sessions, depending on their individual training needs. People who need certification points must sign in for each session.

Industrial Hygiene & Safety Lecture Topics

History of Industrial Hygiene - OSHA Act Review and IH Management

Epidemiology, Fire Protection – Emergency Response, Ergonomics

Risk Management – Record Keeping, Indoor Air Quality, Biosafety

Equipment & Facility Safety, Ionizing Radiation, Non-Ionizing Radiation

Math, Statistics & Calculator Review, Air Pollution, Toxicology, Regulatory & Legal Affairs

Physics & Basic Engineering, Air Sampling - IH Chemistry, Direct Reading Instrumentation

Noise, Ventilation, Ethics & Professional Conduct, Respiratory Protection & PPE

The IH classes will be held each Tuesday night (6:00-9:00) from June 2nd to August 20th at the Extension Conference Center (classroom A-B), College Farm Road, Cook College Campus of Rutgers University in New Brunswick, New Jersey.

Cost: \$150.00 (includes registration all IH and Safety classes and a copy of the IH Training Manual)

SAFETY CLASSES Sponsored by:

The NJ Chapter of the American Society of Safety Engineers

Safety Topics have been added to our schedule (included in the price). We will have guest speakers on certain safety topics to help prepare people for the CSP exam. Safety classes will be held on Thursday nights (6:00 PM). Classes may be in the building next to the Extension Conference Center.
